

To the attention of government officials, farmers, companies, consultants and academic experts in the agricultural sector in Southeast Europe:

The Agribusiness Team of the U.S. Department of Commerce will be promoting U.S. export and market research opportunities at Agritechnica 2015 in Hanover, Germany, November 10-14, 2015 (preview days on November 8 and 9). Agritechnica, held every two years, is the world's largest trade show for agricultural machinery and services. More than 450,000 visitors, including over 100,000 from outside Germany, visited the show in 2013, representing 88 different countries.

I encourage and invite you to visit the USA Pavilion, featuring U.S. manufacturers of first-class agricultural equipment, including tractors, combines, silos, irrigation systems and more. A brief overview and product description of all **20 featured USA Pavilion exhibitors** listed below is attached as is the **complete list of 55 U.S. exhibitors at Agritechnica:**

Featured USA Pavilion Exhibitors at Agritechnica 2015 (Hall 5/A36):

Abilene Machine Inc.

Double L

ECS House Industries, Inc.

Great Plains Manufacturing, Inc

Grouser Products, Inc.

Hydro Electronic Devices, Inc.

Mathews Company (M-C)

Orthman Manufacturing, Inc.

Osmundson Mfg. Co.

Quinn Company

RAAFT by PolyTech LLC.

RDO Equipment Co.

RhinoGator®

Summers Manufacturing Co., Inc.

Superior Manufacturing LLC

Superior Tire & Rubber Corp.

BLU-JET by THURSTON MFG CO

Titan Machinery

WCCO Belting, Inc.

ZiegTek

For complimentary access to the show and arrangements to visit the USA Pavilion and meet U.S. exhibitors, interested visitors from Romania should, **no later than October 30, 2015**, contact:

Gabriel Popescu, Commercial Specialist,

U.S. Commercial Service Bucharest, U.S. Embassy – Bucharest, Romania,

Mob: +4 0722 467 130, E-mail: gabriel.popescu@trade.gov

Thank you for considering this opportunity to visit Agritechnica 2015 and meet the exhibitors at the USA Pavilion.

Sincerely,

Greg O'Connor

Regional Senior Commercial Officer for Southeast Europe

U.S Embassy - Bucharest, Romania

Featured U.S. Pavilion Companies at Agritechnica Hall5/A36

| Company | Logo | Product | Website, Contact & Email | Photo |
|---------------------------------|---|---|--|---|
| Abilene Machine Inc. |  | <p>AbileneMachine is one of the largest tractor and combine salvage operations in the United States. Each year we tear down hundreds of tractors and combines to provide our customers with clean and inspected used parts at a fraction of the costs of new OEM parts.</p> | <p>www.abilenemachine.com Colin Taylor ctaylor@abilenemachine.com</p> |  |
| Double L |  | <p>Double L manufactures high-quality equipment for planting and harvesting potatoes.</p> | <p>www.doublelglobal.com Dan Piquet dpiquet@doublelglobal.com Hall 25/F29</p> |  |
| ECS House Industries, Inc. |  | <p>ECS House Industries, Inc. manufactures superior products for the aquaculture, wastewater treatment and agricultural industries. Located in the heart of the Delta, our 99,000-square foot manufacturing facility houses all design, fabrication and testing to ensure the highest quality control.</p> | <p>www.houseindustriesinc.com Chad House chad@houseindustriesinc.com</p> |  |
| Great Plains Manufacturing, Inc |  | <p>Great Plains Manufacturing, Inc., was established on April 1, 1976. It is one of the largest privately held manufacturers of agricultural implements for tillage, seeding and planting in the United States, as well as a leading producer of dirt-working, turf-maintenance, and landscaping equipment.</p> | <p>www.greatplainsmfg.com Doug Burgardt doug.burgardt@greatplainsmfg.com Hall 12/B04</p> |  |
| Grouser Products, Inc. |  | <p>In 1978, Grouser brought its first dozer to the tractor market. Today, Grouser remains one of the few manufacturers of big 6-way hydraulic dozers for 2WD tractors, 4WD tractors and skid steer loaders.</p> | <p>www.grouser.com Bryan Garberg bryan@grouser.com</p> |  |

**Hydro Electronic Devices,
Inc.**

Located in Hartford, Wisconsin USA, HED® is a leading designer and manufacturer of electronic control solutions for mobile equipment applications.

Del Carver
dcarver@wccobelt.com

ZiegTek

KZCO Inc. began 1976 with one product but it was a good one the dependable Hydro-Halt. Originally K.Z. Comanz, the Hydro-Halt was invented in 1975 by 2 brothers, Keith and Kevin Ziegenbein, to use on the family farm. Despite this Customers preferred to have an electric valve. All existing electric valves in the Ag market were solenoid type, and were not dependable. A ball valve was the Key and it had to be motorized.
