

COMPANY PROFILE

Our product portfolio ranges from Construction Chemicals, General Chemicals, Epoxy Adhesives, Epoxy Flooring Systems, Epoxy Repair Compounds, Paints & Speciality Performance Products. Founded in 1989 and with modest beginnings Petrokem® has grown to be one of Sri Lanka's Premier Chemical companies. In 2015, Petrokem® projected & achieved an annual growth rate of 6% and with a dealership network of over 2500 Stores Island wide, Petrokem® has become one of the key players in the chemical industry. Our philosophy is to combine our economic affluence with sustainable environmental practices and social responsibility. Epoxy based products are the keystone in which Petrokem® is built on. Many of today's most common applications would not be possible without epoxies. Applications range from paint/coatings, flooring, automotive, water delivery, food packaging, electronics, energy and sports. As one of Sri Lanka's largest epoxy manufacturers we take pride in being the driving force behind many of Sri Lanka's premier industries. We have summed up this contribution to our stakeholders in our corporate culture : The Perfect Choice.

Expertise

- Petrokem® has a strong expertise in understanding customer needs, coupled with the ability to map this against its wide range of superior products, gives us the competitive edge in the market place.
- Petrokem® has an extensive dealership network of over 2500 dealers & distributors throughout Sri Lanka and is growing at an annual rate of 6%
- Our customer centric approach has given Petrokem® the ability to tailor make products to the customers specifications.

Mission

- Our Mission is to provide the highest quality chemical products and services to fulfill the requirements of our customers at the most economical pricing structure. Our friendly and professional staff will educate and please all our internal and external stake holders while protecting our community and environment. We aim to become the most recognised chemical brand name in the region by capitalising on the extensive chemical knowledge of our staff.
- Our vision is to serve all our customers with new, innovative, locally manufactured chemical products at competitive prices.
