MARCH 2-3, 2017

SIXTH EDITION

Romanian Business Leaders Summit 2017 “We are here! What’s next?”

București, JW Marriott Grand Hotel, 2-3 martie 2017

There are many things to solve and improve in Romania. And we, entrepreneurs and businessmen, are the ones which can find and apply real solutions!

[Dragos Petrescu](#) and [Sergiu Negut](#) have told us why the RBL Summit is the best context to generate initiatives which transform, in a real way, this country and contribute to achieving the change.

Join us on 2nd - 3rd March, at the RBL Summit #6, to share with us your vision and to set together courses of action about:

- *The role of education in generating a sustainable economic growth*
Keynote speaker: Eric A Hanushek, Hoover Institution, Stanford University
- *Reinventing entrepreneurship in a changing world*
- *Digital governance. Implications for the business environment*
- *Human resource: competitive advantage or brake in Romania's development?*
- *Technology – for how long can we still ignore it?*
- *RePatriot*
