**Our project idea: Public-Private  
Partnerships in the fields of  
regional development**

**About the project:**

Public-Private Partnerships in the fields of regional development.

"Integration" of the PPP in operational programmes: and national and international law:

- Identification and dissemination of good practices in the frame of Cohesion policy and Public-Private Partnerships;
- Exchange of experiences to improve performance of policies for regional development and Public-Private Partnerships;
- Learn from each other to improve policy instruments in the field of Public Private Partnerships by implementing new projects, change programme governance or/and change programme content.
- Looking for new indicators, new monitoring system, new measures, new design of measures , new law, and etc.
- Based on exchange of experiences - Actions Plans (Impact of the territory)

Some pilot actions could be possible (will be discussed) ...

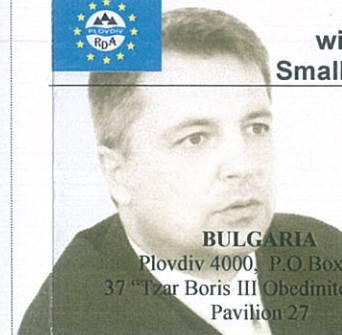

**Types of partners we are looking for:**

- National and regional administration
- Municipalities
- Regional Development Agencies
- Policymakers
