Agricultural

COMPANY

Clover Groupe llc. – is a commercial (brokerage) company, that connects buyers and manufacturers of agricultural, food, biofuel and other goods around the world and contributes to their rapid sale.

Our goal is to provide each customer with high quality products on favorable for him conditions.

We are focused on a long-term and effective cooperation with the foreign trading companies and manufacturers, based on the principles of responsibility, honesty and reliability.

Clover Groupe llc. provides its customers with the wide range of qualitative products (cereals, flour, sugar, meat, grain, oil etc.), individual approach and timely shipments.

With us You can make individual orders of goods that will be picked specially for You at the production facilities of the best of agricultural enterprises in the shortest time.

Working with us you save your time and money, regardless of whether you are – a seller or a buyer.

Clover Groupe llc. - is:

- the efficiency increase of sales of goods;
- the growth of income as a result of capital turnover acceleration;
- fast reaction of experts of our company on changing market conditions allows us to work more effectively for the benefit of our customers by realizing goods on more favorable conditions;
- while contacting with the buyers we are the source of primary valuable information about the quality and competitiveness of products;
- the creation and development of the distribution network saves money of the exporters.

The cooperation of our company with a large range of Ukrainian agricultural producers is aimed at attracting foreign partners through the delivery of high quality, environmentally friendly products at affordable prices.

For its services, the company charges a fee in the amount of 3% of the transaction, which is much lower than conventional global interest. However, depending on the amount of the agreement, and the duration of working with us, so the conditions of cooperation can be reviewed in each case separately.
