

BeHEALTH - International Event in Healthcare 2020

23rd-24th of April in Timisoara, Romania

Are you interested in accessing a global health industry environment?

Do you want to meet successful entrepreneurs and intrapreneurs in health? Find out how EU funds made the difference? Do you want to make a real impact in healthcare innovation?

Then this event is definitely for you!

A UNIQUE OPPORTUNITY

The 3rd edition of this unique event will bring together companies, organizations, universities and public entities, being the perfect environment for international partnerships, resulting in increased health related economic competitiveness.

WHAT WE DO

RoHealth is the only Romanian Health and Bioeconomy cluster with national coverage. The cluster generated and implemented initiatives covering more than 100 mEuro budget for competitiveness and innovation. As a Silver Label cluster with more than 65 members, Rohealths expertise today is related to: *E-Health and education, Medical equipment and instruments, Translational medicine, Materials for health, Health research infrastructures, Bioeconomy for health.*

BeHEALTH brokerage outcome will have a crucial contribution to relevant market opportunities regarding collaboration with partners in the health area.

The BeHEALTH agenda includes, beside the brokerage event, also a start-up contest and six panels for discussions covering the cluster expertise. Our aim is to create a unique experience for participants by mixing areas of interest such as: the importance of internationalization, specific techniques and policies for entering the foreign market, the role of clusters in the innovation process, access to national and international financing sources, models of best practices in health business and innovation, intellectual property rights and international networking in Health Domain.

WHY PARTICIPATE?

- To find out about the latest opportunities and fundings related to health and bioeconomy fields. Being there, your idea can be transformed in a real product.
- Meet successful entrepreneurs and intrapreneurs from health.
- To establish business connections and networking with key healthcare companies from the international environment.
- To benefit from bilateral individual meetings pre-arranged, according to your project's specific (if you're looking for partners, you shouldn't miss this event!).
- And YES, we sponsor the best business idea in the competition **Romanian Startups in Healthcare!**
