

International Delegation at Techarena 2025

Discover Sweden's Innovation Ecosystem at Techarena 2025.

5 industry-focused tracks

The Climate Track focuses on impact acceleration, power companies, and battery manufacturing. **The DeepTech Track** covers investment trends, bridging academia and industry, and European collaboration. **The Digital Services Track** explores future connections, data leadership, and entrepreneurship. **The Life Sciences Track** is centered on medical research, inclusive healthcare, and collaborations with institutions like Karolinska Institute; and **the Mobility Track** addresses sustainable vehicles, soft mobility, and smart transportation solutions.

Welcome to Sweden Fika

Discover Sweden's growing innovation ecosystem, where groundbreaking ideas and technologies are shaping the future. Explore Stockholm, the capital of innovation, known for its startups, top research institutions, with a focus on sustainability and digital transformation. Connect with key organizations like Sweden's leading innovation agency and engage with governmental institutions driving growth and collaboration. This is a unique opportunity to network with experts and international delegates while experiencing Sweden's culture of innovation and excellence.

Techarena 2025

Techarena 2025 is a key event for international delegations to engage with the Nordic and global innovation ecosystem. Held in Stockholm, a hub for tech and sustainability, it gathers 12,000 attendees, including corporates, startups, investors, and public bodies. Delegates can enjoy a tailored program with visits to Swedish companies, government bodies, and startups, plus exclusive dinners, tours, and networking opportunities, showcasing Sweden's entrepreneurial and collaborative culture.

About Techarena Group

Techarena Group founded in 2014, is a leading global platform headquartered in the heart of the Nordic innovation hub, Sweden. The group is dedicated to connecting visionary founders with established businesses, forward-thinking investors, and influential decision-makers.

Each year, Techarena Group organizes three flagship tech and business events, including Techarena 2025. Additionally, the group curates more than 10 exclusive events annually, designed for business angels and family offices, facilitating high-value connections and tailored discussions.

Beyond its world-class events, Techarena Group drives impact through Time to Raise, a pioneering accelerator program supporting women-led startups with essential fundraising and growth resources. The group also leads international delegations, building strategic partnerships with key global markets to advance innovation and entrepreneurial success.
