4

DAYS OF INNOVATION

IN JUST 4 DAYS

One programme, six growth drivers

A Comprehensive Exhibition

Cutting-edge technologies, research achievements and innovative solutions in agriculture, agribusiness, fisheries and related services — supporting food security and export growth.

Business Partnership Meetings (B2B)

A unique platform to establish strategic partnerships and stimulate joint investment projects, through pre-scheduled matchmaking meetings.

Live Demonstrations

Practical demonstrations of innovative technologies and advanced production techniques: quality management, certification, product control, modern processes and value-added solutions.

International Forum

An international forum addressing a major strategic theme, providing investors with valuable market insights and high-potential investment opportunities.

Interactive Workshops

Interactive workshops covering quality standards, innovation, sustainable agriculture and emerging investment opportunities.

GREEN'TIC Competition

A national competition dedicated to innovative digital solutions and smart technologies applied to agriculture, highlighting the creativity of startups.

Why Exhibit at SIAT 2026?

- ✓ Direct access to qualified buyers, investors and decision-makers.
- ✓ Excellent partnership opportunities across the Maghreb, Sub-Saharan Africa and Europe.
- ✓ Exclusive access to APIA's latest investment support programmes and services.
- ✓ Extensive media exposure: TV, radio, print, digital platforms and social media.

Accelerate your growth. Join the transformation.

Don't miss this unique opportunity to expand your network and help build a more sustainable and resilient agricultural future.
