AI/AX

BUSINESS FORUM

1ST EDITION

19

NOV 2026

Online · English

WHY KOREA

Romania's strategic partner since 2008

Strengthened in 2024. EU-Korea Free Trade Agreement applied since 2011; AI Basic Act in force since January 2026.

THE OPPORTUNITY

Two-way business: partner, invest, expand

Technology partnerships, joint projects, Korean AI/AX solutions for your digital transformation, and Korean companies looking to invest and develop their business in Romania and the wider EU.

WHO'S IN THE ROOM

Korean AI/AX providers, tech companies and investors

And institutions interested in Romania and the wider European market.

AFTER THE FORUM

A joint catalogue and 1:1 meetings

Optional online business meetings with companies expressing mutual interest.

KOREA

ROMANIA

FOR ROMANIAN COMPANIES

The Korean opportunity

How Korean companies and regions are implementing AI transformation (AX) in practice, what the Korean AI/AX market looks like, and where opportunities for cooperation with Korean partners lie.

Co-hosts and partners

CO-HOSTS

Consilium Policy Advisors Group (CPAG)

An independent economic think tank based in Bucharest (www.cpag.ro), dedicated to applied macroeconomic research and public policy analysis relevant to Romania and the European Union. Alongside its research activity, CPAG aims to support Romania's economic diplomacy efforts through the partnerships it develops with institutes and organisations in other countries.

Korelation Co., Ltd.

Korelation Co., Ltd. is a South Korea-based international business and education consulting company that helps connect Korean organisations with international markets and partners. Its work includes cross-border business development, market entry and international partnerships, with a strong focus on building connections between companies, institutions and professional networks in Korea and abroad.

INSTITUTIONAL PARTNER

Embassy of Romania in the Republic of Korea

INDUSTRY AND ECOSYSTEM PARTNERS

Transilvania IT Cluster

Transilvania IT Cluster brings together under one umbrella more than 185 IT companies, universities, research institutions, local authorities, and NGOs, with the aim of fostering collaboration, innovation, and the sustainable development of the IT industry both in the region and across Romania. Transilvania IT Cluster provides a platform for networking and knowledge exchange, facilitating strategic partnerships and promoting skills and business development in the IT sector.

Daegu-Gyeongbuk AX Association

Daegu-Gyeongbuk AX Association is a South Korean private association advancing AI transformation (AX) across the Daegu-Gyeongbuk region. Its members bring together start-ups, technology providers, industry companies with deep domain expertise, and AX education experts. Together, they support local companies adopting AI through practical transformation projects, entrepreneurship, capability building and education. The Association also promotes collaboration among businesses, universities and innovation actors to strengthen the regional AI ecosystem.

CORPORATE PARTNER

SYP Co., Ltd.

SYP Co., Ltd. is a South Korean technology business company, headquartered in Seoul, working alongside its affiliated patent law firm. It supports start-ups and technology companies in technology transfer and commercialisation, intellectual property filing and consulting by patent attorneys specialised in IT, BT and NT, technology valuation and marketing, as well as accelerator programmes and investment.

MEDIA PARTNER

Financial Intelligence

Financial Intelligence is a Romanian platform specialising in economic and financial news and analysis, as well as in organising business events relevant to the business community and decision-makers across sectors. It has been active on the Romanian media market since September 2018.
